

## **The Chevy that Saved Earth**

By C.J.Fitzjames

*Blade Runner meets The Fast and the Furious*

Sci-fi car movie oozing CGI spectaculars, live-action stunts and road racing where classic 1969 Chevy cruises L.A. streets, takes off and flies in a future where the freeways sweep up into space to L.A. Liberty Station - first stop to the Moon, Mars, and beyond.

In coming era of flying cars hero Chevy and 82nd Airborne Skyranger Vet rescue Girl Reporter. Together they uncover military conspiracy to invade USA. *Non-stop action using big rigs to battle tanks in combat with corporate fascism and corrupt world government.*

Comic book genre story with satirical element; DNA biotechnology goes badly wrong, creates ultimate antagonist, the amalgam of 20th Century Fascist leaders. Set in a visually stunning golden L.A., where fabulous cars, the ultimate in luxury automobilia, fill the boulevards in meaningful contrast poverty paradox.

*The whole movie a series of torture tests for the hero Chevy.*

Synopsis - story in 3-Act paradigm.

### **Titles: Freeway Ride to LA's Statue of Liberty**

Freeway on-ramp at L.A. refinery: disenfranchised indigent hitches ride on Peterbilt Moonmover big-rig hauling rocket fuel up the 405 Skyway up to LA Liberty Station, first stop for the moon, Mars and Pluto mining - but gets out at 110,000 feet skydiving to Earth in hair-raising stunt cunningly avoiding Corporate Law Enforcement.

A misfit and ex-Skyranger, an 82nd Airborne Skycav vet, (military recently disbanded), he fits pilfered Sky Cavalry gravitonics to his '69 Chevy. *It can now fly!* After an illicit road race he watches cute L.A, Word News Service reporter cover famine riots in Mexico.

### **Act I: Scientific Impossibility to Clone Soul**

Downtown LA: Intrepid Girl Reporter pursued by 3 identical NuHuman agents; hungry for adventure, vet gladly rescues her. Chevy takes off from street, flying. Girl Reporter accidentally leaves photos in car of World Government Politician seen in two places at same time. Vet takes pics to CO of old SkyCav unit, now Professor of Military History at UCLA. They investigate Pol, connect him to illicit 'NuHuman' DNA biotechnology. Human duplication amoral yet NuHuman technology considered scientific pinnacle of 21st Century eighty years earlier - but proven to create human monsters.

## **Act 2: Emperor Hitlerhito and the DupeNazi Conspiracy**

More race-action uncovering conspiracy using outlawed DNA technology to clone DupeNazi stormtroops to invade USA from space, the end-result of NuHuman Corp's biogen-nanotec space missions to find host planets and create humans from memory banks, gone badly wrong. After 80 years, computers awry and malfunctioning, the NuHuman Mission secretly returns to Earth where megalomaniac politician exploits situation disbands US military.

Hero finds enemy craft hiding in NASA junkyard for space debris near LA Liberty, holds full of the NuHuman machines ready to make flesh-and-blood SS stormtroops. The malfunctioning mission computer has also created a leader to colonize this planet - an amalgam of 20th Century Axis Power fascism: Emperor Hitehlerhito.

He is ready to start the invasion but what is he waiting for?

Reporter connects with her editor as the conspiracy focuses: the final world leaders are being replaced by duplicated NuHumans. Vet finds unlikely ally in a sweet 170yr. old lady, the A.I. persona of the all-powerful CIA/Library of Congress computer.

In road race spectacular vet foils kidnap attempt on Girl Reporter, but next attempt successful, vet shot by DupeNazi agents. Heroine's editor is a NuHman duplicant. Security Chief Pol wants intrepid Girl Reporter for First Lady, and wants Vet dead.

Vet survives ambush. Heroine duplicated to seduce him. Chevy wrecked and heroine duplicant dies in vet's arms, tells of her original's true feelings for him.

## **Act III: The Chevy Lives!**

DupeNazi manufacture begins. A thousand NuHuman machines spring to life biogenetically engineering the first wave of stormtroops. Vet salvages remains of Chevy, crafts convertible, rescues Girl Reporter heroine in daring escape. Together they witness DupeNazi Stormtroops blitzkrieg Liberty Station en route to invading L.A. power plant..

Heroine discovers the DupeNazi secret. The NuHuman ship is out of gas! They need fuel to start invasion proper, plan to plug into the sky freeways energy beams connecting Liberty Station to LA, and power up the remaining thousand machines. How to stop them?

Saved by the cavalry - the SkyCav are back!

Skyrangers of the 82nd use stolen weaponry to temporarily debilitate the NuHuman spacecraft - descend to take on elite DupeNazi stormtroops defending the generating plant powering their mothership above L.A.

## **Climax: The Chevy that Saved Earth!**

Girl Reporter broadcasts mighty firefight as hero sacrifices himself, and Chevy, to cut power and stop invasion as the 82nd Vets kick DupeNazi ass to halt Blitzkrieg of USA! But the brave, indestructible '69 Chevy - and the giant NuHuman DupeNazi spacecraft waiting in orbit?
